About Tricida

Tricida, Inc. is a pharmaceutical company focused on the development and commercialization of TRC101, a non-absorbed, orally-administered polymer designed as a potential treatment for metabolic acidosis in patients with chronic kidney disease (CKD). Metabolic acidosis is a condition commonly caused by CKD that is believed to accelerate the progression of kidney deterioration. Tricida has successfully completed a pivotal Phase 3, double-blind, placebo-controlled trial of TRC101 in patients with CKD and metabolic acidosis.
